

# Explosions (Gemini Remix)

Ellie Goulding

You trembled like you'd seen a ghost  
And I gave in  
I lack the things you need the most  
You said where have you been  
You wasted all that sweetness to run and hide  
I wonder why  
I remind you of the days you poured your heart into  
But you never tried  
I've fallen from grace  
Took a blow to my face  
I've loved and I've lost  
I've loved and I've lost Explosions on the day you wake up  
Needing somebody and you've learned  
It's okay to be afraid  
But it will never be the same  
It will never be the same You left my soul bleeding in the dark  
So you could be king  
The rules you set are still untold to me and I  
Lost my faith in everything  
The nights you could cope, your intentions were gold  
But the mountains will shake  
I need to know I can still make Explosions on the day you wake up  
Needing somebody and you've learned  
It's okay to be afraid  
But it will never be the same And as the floods move in  
And your body starts to sink  
I was the last thing on your mind  
I know you better than you think  
'Cause it's simple darling, I gave you a warning  
Now everything you own is falling from the sky in pieces  
So watch them fall with you, in slow motion  
I pray that you will find peace of mind  
And I'll find you another time  
I'll love you, another time Explosions on the day you wake up  
Needing somebody and you've learned  
It's okay to be afraid  
But it will never be the same
