

Missing Reward

Mt. Royal

Oh you're not the guilty one
But you held the gun
To save your lonely soul
Can you pull the trigger, let it go
And I came to know I can't stop the force oooo
And grant this missing reward Bounty bound without a trace
Without a sound
So sooner or later
We all hit the ground
Running I can't stop the force oooo
And grant this missing reward
And I can't stop the force
