

# All Rise (Acoustic)

## Further Seems Forever

We've waited so long  
I never was that strong  
Keep looking back on  
Reading it right or wrongWelcome me back home  
I never walked alone  
Help me to move on  
We've come to far to turn back nowI know we've come to far  
To turn back now  
I knowAll rise all rise, all rise all rise  
All rise all rise, all rise all rise  
All rise all rise, all rise all riseMake it a part of who we are  
So much left worth living for  
Love is coming  
Make it a part of you and me  
So much left for us to see  
Love is comingMake it a part of every turn  
So much left for us to learn  
Love is coming  
Make it a part until the end  
So much left to learn again  
Love is coming
