

Black

Trey Anastasio

Try to maintain all that you can
When the story that ends is not so clear
Tried to replay all that was good
When the lullaby, lullaby ends in darkness Black, black , to see you now
To see you now, to see you now
Black, black , to see you now
To see you now, to see you now Time for drifting, ropes turn to sand
You'll be borne on the winds, off the sea
On your own now, our time is through
Let the promises, promises be broken Black, black , to see you now
To see you now, to see you now
Black, black , to see you now
To see you now, to see you now Just let it slip away
Just let it slip away
Just let it slip away
Just let it slip away Black, black , to see you now
To see you now, to see you now
Black, black , to see you now
To see you now, to see you now Just let it slip away
Just let it slip away
Just let it slip away
Just let it slip away Just let it slip away
Just let it slip away
Just let it slip away
Just let it slip away
