Tiger

MyPet

[Verse 1]
Slow and steady wins a race
Go on, keep a steady pace
Cause if you grow impatient, we're never gonna pack it all away

You gotta learn to think it through
You gotta recognise a cue
Play it right, keep your stride, line them up and take your time
Pretty soon they'll come to you

[Chorus]
Restless and reckless, you gotta hit 'em all
Calm and collected and you can have it all
Choose one and lose some , you do it in our own
Loosely but looser then you can have it all
Go get 'em Tiger
Oh
Go get 'em Tiger
Oh oh
Go get 'em Tiger
Oh
Ohhhhhh x 2

[Verse 2]
And now watch me take the floor
There's finesse and less is more
They don't run me round in circles
They know that that work don't work on me no more

[Chorus]
Restless and reckless, you gotta hit 'em all
Calm and collected and you can have it all
Choose one and lose some , you do it in our own
Loosely but looser then you can have it all
Go get 'em Tiger
Oh
Go get 'em Tiger
Oh oh
Go get 'em Tiger
Oh

Oh, ohhhhhh x 2

[Bridge]
Nimble, open like a window
Move slow, spread me like an eagle
Cut throat, thread it like a needle
Nimble

[Chorus]
Restless and reckless, you gotta hit 'em all
Calm and collected and you can have it all
Choose one and lose some , you do it in our own
Loosely but looser then you can have it all
Go get 'em Tiger
Oh
Go get 'em Tiger
Oh oh
Go get 'em Tiger
Oh
Oh, ohhhhhh x 2

You can have it
You can have it all x2
