

# Geordie Lad

## Skinny Lister

So I missed you on Monday  
In conversation your name came up  
Took me back to that summer  
Geordie LadWhat the hell became of us?  
Geordie LadHow you doing? In the wild wild world?  
I hope it's treating you well?  
And I wonder what you're up to now  
You know I think of you still  
That was us in the young days  
Bursting out of the photograph  
Up to our necks in our old ways  
Geordie LadI hope it's treating you well?  
And I wonder, what you're up to now, You know I think of you stillI guess I always will  
I guess I always willWords were thrown and we meant them  
But what we had was worth more than that  
Here's to the good and the great times  
Geordie Lad  
How you doing? In the wild wild world?  
I hope it's treating you well?  
And I wonder, what you're up to now  
You know I think of you still  
Geordie Lad
