Just One Kiss

Nick Carter

Just one, just one
Just one, just one
Don't turn away, don't close the door
I couldn't take it
We've got find out for sure
Before there's no turning back
If this is a start of the end of the road
I've gotta ask before you go
If I could have just one kiss
If that's all it is, I know that it's over
If I could have just one kiss
If there's something more, we could start over
If I could have just on kiss
Just one
If I could have just one kiss
Just one
I've been a fool just standing by
Watching it comes to this
But now I'm here to stand and fight
For all the promises
If this is a start of the end of the road
I wouldn't back, I'd let you go
If I could have just one kiss

If that's all it is, I know that it's over
If I could have just one kiss
If there's something more, we could start over
If I could have just one kiss
Just one
If I could have just one kiss
Just one
We don't have to find a way forward
We just have to find what we missed
So what if we look like we're crazy
For hanging it all on this
Don't turn away, don't close the door
If I could have just one kiss
If that's all it is, I know that it's over
If I could have just one kiss

If there's something more, we could start over
If I could have just one kiss
Just one
If I could have just one kiss
Just one
Just one, just one
Just one, just one
