

# I Touch Roses

## Book Of Love

If you think I'm magical  
'Cause roses bloom with my touch  
That's mathematical  
I think you think too much I touch roses If you try to talk with me  
If you try to copy my  
Pocket full of poses  
You still can't touch my roses I touch roses  
I touch roses  
I touch roses  
I touch roses If you think I'm magical  
'Cause roses bloom with my touch  
But magics just not practical  
I think you think too much  
I touch roses  
I touch roses  
I can touch roses
