Black Soul Choir

Devildriver

He no never seen the face of his foe, no
He ain't made of flesh and bone
He's the one who sits up close behind you
[Incomprehensible] you are aloneEvery man is evil, yes, every man's a liar
Another shade of the wicked ghost
Hidden in the black soul choir
Every man is evil, yes, every man's a liar
Another shade of the wicked ghost
Hidden in the black soul choirOh, in my way
Oh, in my wayYes, the world never seen the face of our lord, no
Not since he's left his skin
He's the one that to keep calm on the outside, no
He says it all just better nowEvery man is evil, yes, every man's a liar
Another shade of the wicked ghost
Hidden in the black soul choir
Every man is evil, yes, every man's a liar
Another shade of the wicked ghost
Hidden in the black soul choirOh, in my way
Oh, in my wayI'll never forgive your [Incomprehensible], yes, I'm able
If on my own I feel great shame
I would offer up a brick to the back of your head, boy
If I was kingEvery man is evil, yes, every man's a liar
Another shade of the wicked ghost
Hidden in the black soul choir
Every man is evil, yes, every man's a liar
Another shade of the wicked ghost
Hidden in the black soul choirOh, in my way
Oh, in my way
