My Fantasy (Bottin Remix)

Sally Shapiro

I'm flying high somewhere in the skies...I had been searching eyes open wide
I couldn't find you although I tried
I had been longing with all my heart
I was in need for a brand new startYou came from nowhere without a sign
Now I can't stop watching when you smile
I think you know that I won't let you go
Please stay with me 'cause I want you soI call you up for a rendezvous
Another night with just me and you
I feel so warm when I meet your eyes
I'm flying high somewhere in the skies
And now I feel that you really care
We have so much in our lives to share
I think you know that I won't let you go
Please stay with me 'cause I love you soYou came from nowhere without a sign
Now I can't stop watching when you smile
You are forever right here with me
It's all I want, it's my fantasy...You'd make my days so sweet...
You'd make my life complete...I had been searching eyes open wide
I couldn't find you although I tried
I had been longing with all of my heart
I was in need for a brand new start
And now I feel that you really care
We have so much in our lives to share
You are forever right here with me
It's all I want, it's my fantasy...You'd make my days so sweet...
You'd make my life complete...
