

# Art Deco

## Lana Del Rey

Club queen on the downtown scene  
Prowling around at night  
You're not mean, you just want to be seen  
Want to be wild  
A little party never hurt no one, that's why it's alright  
You want in but you just can't win  
So you hang in the likes You're so Art Deco, out on the floor  
Shining like gun metal, cold and unsure  
Baby, you're so ghetto  
You're looking to score  
When they all say hello  
You try to ignore them  
'Cause you want more (why?)  
You want more (why?)  
You want more (why?)  
'Cause you want more Young thing on the downtown scene  
Rolling around at night  
Got things, let it hit to be seen  
Like you're rapper's delight  
A little party never hurt no one, that's why it's alright  
You want in, but you just can't win  
So you stay in the lights You're so Art Deco, out on the floor  
Shining like gun metal, cold and unsure  
Baby, you're so ghetto  
You're looking to score  
When they all say hello  
You try to ignore them  
'Cause you want more (why?)  
You want more (why?)  
You want more (why?)  
'Cause you want more A little party never hurt no one  
So we stay out late  
A little party never hurt no one  
That's what your friends say  
You put your life out on the line  
You're crazy all the time  
Put your life out on the line  
You're crazy all the time You're so Art Deco, out on the floor  
Shining like gun metal, cold and unsure

Baby, you're so ghetto  
You're looking to score  
When they all say hello  
You try to ignore them  
'Cause you want more (why?)  
You want more (why?)  
You want more (why?)  
'Cause you want more  
A little party never hurt no one  
Not you and me  
A little party never hurt no one  
We were born to be free
