

Can You Handle It

Karina

I don't like the way you look at her
She looks at you, it's frustrating
People say when we're together
It looks more like you two are dating
(More than you and me) I tell you, some things you do
Make me uncomfortable
You tell me I'm tripping
And that I should let it go So I wonder to myself
Would you still think it's all good
If the shoe was on the other foot
I don't think you would, no What if your friends
Started paying more attention to me
(Could you handle it)
(Tell me could you handle it, boy)
What if I told you Tony said I was pretty
(What would you say, what would you say?) When you're not around
He goes out of his way
To come and chill with m
(What would you say, what would you say?) I tell you, some things you do
Make me uncomfortable
You tell me I'm tripping
And that I should let it go What if your friends
Started paying more attention to me
(Could you handle it)
(Tell me could you handle it, boy)
What if I told you Tony said I was pretty
(What would you say, what would you say?) When you're not around
He goes out of his way
To come and chill with m
(What would you say, what would you say?) I tell you, some things you do
Make me uncomfortable
You tell me I'm tripping
And that I should let it go La, la, la, la, la, la
What if I did what you do, baby?
La, la, la, la, la, la
What if it happened to you? What if your friends
Started paying more attention to me
(Could you handle it)
(Tell me could you handle it, boy)

What if I told you Tony said I was pretty
(What would you say, what would you say?)When you're not around
He goes out of his way
To come and chill with m
(What would you say, what would you say?)I tell you, some things you do
Make me uncomfortable
You tell me I'm tripping
And that I should let it go
