Lose You

Pete Yorn

I'm taking a ride off to one side
It is a personal thing.
Where?
When I can't stand
Up in this cage I'm not regretting.I don't need a better thing,
I'd settle for less,
It's another thing for me,
I just have to wander through this world
Alone.Stop before you fall
Into the hole that I have dug here,
Rest even as you
Are starting to feel the way I used to,
I don't need a better thing
Just to sound confused
Don't talk about everyone,
I am not amused by you.Coz I'm gonna lose you,
Yes I'm gonna lose you
If I'm gonna lose you,
