

# Lose You

Pete Yorn

I'm taking a ride off to one side  
It is a personal thing.  
Where?  
When I can't stand  
Up in this cage I'm not regretting. I don't need a better thing,  
I'd settle for less,  
It's another thing for me,  
I just have to wander through this world  
Alone. Stop before you fall  
Into the hole that I have dug here,  
Rest even as you  
Are starting to feel the way I used to,  
I don't need a better thing  
Just to sound confused  
Don't talk about everyone,  
I am not amused by you. Coz I'm gonna lose you,  
Yes I'm gonna lose you  
If I'm gonna lose you,
