

# Up Comes Down

## Thousand Foot Krutch

Break

Well, this goes out to everybody  
Who came to swing when we rock this party  
It don't matta if ya fourteen or forty  
What we gonna do is just get this started  
It's the Krutch brothas gettin' mad, retarded  
If ya don't like it then disregard it  
Stay true to what we believe, we never parted  
And we still rockin' mics just like we started

When up comes down  
Shake it like an earthquake

Turn around  
Nothing can stop you  
When up comes down  
Shake it like an earthquake

Turn around  
Nothing can stop you, now  
It stays on just like the stage we blaze on  
Light it like napalm, Thousand Foot up in tha Maison  
Holy terror, prepare yourself for the storm  
You know it's on when the Krutch drops tha bomb, yo

We can get the show on  
Right here, no fear  
Rockin' the party on  
From tha floor to tha chandelier  
Check the word

Don't just settle for video  
Can I get a yo?  
Shake it down thru tha millennium

When up comes down  
Shake it like an earthquake

Turn around  
Nothing can stop you  
When up comes down  
Shake it like an earthquake

Turn around  
Nothing can stop you  
Nai, nai, nai, nothing can stop you now  
Nai, nai, nai, nothing can stop you now
