

# Made for Love (feat. Lalah Hathaway)

## Charlie Wilson

[Verse 1: Charlie Wilson & Lalah Hathaway]

I've seen the beauty of the earth  
With my own eyes, yes for all it's worth  
There's something more, I was about here for  
I knew from the first moment, that I saw you, oh yes  
I've heard a million melodies  
And my heart knows, all the joy they breathe  
But there's so much more, my heart's made for  
And I feel it every time, that I'm close to you [Chorus: Charlie Wilson & Lalah Hathaway]  
My heart was made to hold you close forever  
My arms won't let you go, so come whatever  
We, we were made just for us  
'Cause you and me, we were made for love  
Just you and me

[Verse 2: Charlie Wilson & Lalah Hathaway]

And here I stand, walking up and wanting nothing more  
And for you to hold my hand, and let me hold yours  
And together make us a world, for we are here before, my baby  
Makin' love, that's for sure  
Made to last forever more [Chorus: Charlie Wilson & Lalah Hathaway]  
My heart was made to hold you close forever  
My arms won't let you go, so come whatever  
We, we were made just for us  
'Cause you and me, we were made for love  
Just you and me  
You and me, yeah  
You and me, na-na-na-na  
We were made just for us  
Ooh we know it we were made for love  
[Chorus: Charlie Wilson & Lalah Hathaway]  
'Cause my heart was made to hold you close forever  
Baby, my arms won't let you go, so come whatever  
We, we were made just for us  
'Cause you and me, we were made for love [Bridge: Lalah Hathaway (Charlie Wilson)]  
I don't like, I know our heart stood fine (heart stood fine)  
Another kind made for you and I (and I)  
Know you like it, no we can't deny (noo)  
'Cause you and me, we were made for love (you and me, we were made for love)  
Baby (baby), baby (baby) [Outro: Charlie Wilson & Lalah Hathaway]

You and I, we were made for love  
You and I, we were made for love
