

Young (Mickey Valen Radio Edit)

AYER

Got this feeling that you saved me
I've been driving with no lights on lately
I was fading, now I'm craving
You used a magic spell to tame me
Devotion like an animal
Hungry like a cannibal
You control the way that I am
Emotion like a shooting star
Take me with however far
You control the way that I am
Got this feeling that you saved me
I've been driving with no lights on lately
I was fading, now I'm craving
You used a magic spell to tame me
And it feels kinda like we are forever young
And it feels like nothing's gonna tear us down
And it feels kinda like we are forever young
And it feels like nothing's gonna tear us down
Supernatural's how we're feeling
We're a fire burning through the ceiling
What you gave me is the same thing
I had before my heart was shaking
Devotion like an animal
Hungry like a cannibal
You control the way that I am
Emotion like a shooting star
Take me with however far
You control the way that I am
Got this feeling that you saved me
I've been driving with no lights on lately
I was fading, now I'm craving
You used a magic spell to tame me
And it feels kinda like we are forever young
And it feels like nothing's gonna tear us down
And it feels kinda like we are forever young
And it feels like nothing's gonna tear us down
And it feels
And it feels
And it feels
And it feels kinda like we are forever young
And it feels like nothing's gonna tear us down
And it feels kinda like we are forever young
And it feels like nothing's gonna tear us down
