

Invite Me To Trance

2 Unlimited

But I'm standing still
I'm standing still
I'm standing still
But I'm standing still
I'm standing still
I'm standing still
The world is spinning but I'm standing still
A voice is calling saying, "Nowhere left to go"
Heartbeat
Nothing movin'
Heartbeat
No one groovin'
Heartbeat
I'll be waitin'
Heartbeat
Invite me to trance
Give a heart another chance
Stand [Incomprehensible], spinning me round and round
An empty feeling, oh, I know it can't go on
Heartbeat
Nothing movin'
Heartbeat
No one groovin'

Heartbeat
I'll be waitin'
Heartbeat
Invite me to trance
Transport you, take you away
Far from here, far from today
Transform my time, change of heart
Another chance, another start
Transfer your pain where ever hurts
To be let go, the heavy works
Transmit your love to world within
'Cause the only hope is a chance to win
The world is spinning but I'm standing still
A voice is calling saying, 'Nowhere left to go'
Heartbeat

Nothing movin'
Heartbeat
No one groovin'
Heartbeat
I'll be waitin'
Heartbeat
Invite me to trance
Give a heart another chance
I want you to give my heart another chance
