

Sunshine Lady

Latimore

You got a smile so bright at night you don't need no light sunshine lady.

The radiance of your charm out shines the morning sun sunshine lady

On a cloudy day you can chase the clouds away with the sunshine in your love who needs the sun a-bu uh uh uh
uh uh ove! Sunshine lady

The sparkle in your eye is brighter than the sun in the sky sunshine lady

Your sunny personality is like a Caribbean breeze sunshine lady

When you walk down the street flowers grow beneath your feet

And when you go out at night you fill the neon lights sunshine lady

(25sec instrumental)

When you walk down the street flowers grow beneath your feet

And when you go out at night you fill the neon lights sunshine lady

Sunshine lady shine on!

You got a smile so bright at night you don't need no light sunshine lady.

Your sunny personality is like a Caribbean breeze sunshine lady

La dadot dot dot da la dadot dot dot da sunshine lady

La dadot dot dot da la dadot dot dot da sunshine lady

La dadot dot dot da la dadot dot dot da sunshine lady

La dadot dot dot da la dadot dot dot da sunshine lady

Sunshine lady, shine on shine shine on

La dadot dot dot da la dadot dot dot da sunshine lady (Fade out)
