

Into the Coven

Mercyful Fate

Howl like a wolf
And a witch will open the door
Follow me and meet our high priestess Come, come into my coven
And become Lucifer's child Undress until you're naked
And put on this white coat
Take this white cross and go to the middle of the ring Come, come into my coven
And become Lucifer's child Now crush it, crush the cross
Suck the blood from this unholy knife
Say after me, my soul belongs to Satan Now, now you're into my coven
You are Lucifer's child
Into the coven Lucifer's child
