

# Looking For Astronauts

## The National

We're out looking for astronauts  
Looking for astronauts  
We're out looking for astronauts  
Looking for astronauts  
It's a little too late, too late, too late for this  
Isn't it a little too late for this?  
Little too late, too late for this  
Isn't it a little too late for this?  
You know you have a permanent piece  
Of my medium-sized American heart  
We're out looking for astronauts  
Looking for astronauts  
We're out looking for astronauts  
Looking for astronauts  
Are we gone?  
Come on yeah, we know we're gone  
Bye bye bye  
Bye bye bye, we know we're gone  
Take all your reasons and take them away  
To the middle of nowhere, and on your way home  
Throw from your window  
Your record collection  
They all run together and never make sense  
But that's how we like it, and that's all we want  
Something to cry for  
And something to hunt  
Are we gone?  
Come on yeah, we know we're gone  
Bye bye bye  
Bye bye bye, we know we're gone  
We're out looking for astronauts  
Looking for astronauts  
We're out looking for astronauts  
Looking for astronauts  
It's a little too late, too late, too late for this  
Isn't it a little too late for this?  
Little too late, too late for this  
Isn't it a little too late for this?  
You know you have a permanent piece

Of my medium-sized American heart  
So don't wear the watch  
When you're out with the cunts  
You can break what you have  
But the rest of it's mine  
Take all your reasons and take them away  
To the middle of nowhere, and on your way home  
Throw from your window  
Your record collection  
They all run together and never make sense  
But that's how we like it, and that's all we want  
Something to cry for  
And something to hunt
