

# Shoehorn with Teeth

## They Might Be Giants

He wants a shoehorn, the kind with teeth  
People should get beat up for statin' their beliefs  
He wants a shoehorn, the kind with teeth  
'Cause he knows there's no such thingHe asks a girl  
If they can both sit in a chair  
But he doesn't get nervous  
She's not really thereHe wants a shoehorn, the kind with teeth  
'Cause he knows there's no such thingTour the world  
In a heavy metal band  
But they run out of gas  
The plane can never landHe wants a shoehorn, the kind with teeth  
People should get beat up for statin' their beliefs  
He wants a shoehorn, the kind with teeth  
'Cause he knows there's no such thingWhat's the sense in  
Ever thinking about the tomb?  
When you're much too busy  
Returning to the womb?He wants a shoehorn, the kind with teeth  
People should get beat up for statin' their beliefs  
He wants a shoehorn, the kind with teeth  
'Cause he knows there's no such thing
