

Anywhere

Avantasia

I remember it was long ago
But when I think of her I feel it grow
Something begs me to come home again
Something I can hardly stand
But I'm to defy, I have to ignore her cry
Oh, don't know what to do, I'm missing you so bad
Waiting for tomorrow for a little ray of light
Waiting for tomorrow, just to see your smile again
Take away my sorrow from a blistered heart of mine
Where are you now if you are there anywhere?
Please forgive me for how I decide
But much before I can come with rapid strides
Don't expect you'll have to understand
Jakob needs my helping hand
First I have to go one out of two ways
Which both are wrong and I'm to go
So afraid, so ashamed
So deranged but I know
Waiting for tomorrow for a little ray of light
Waiting for tomorrow, just to see your smile again
Take away my sorrow from a blistered heart of mine
Where are you now if you are there anywhere?
Waiting for tomorrow for a little ray of light
Waiting for tomorrow, just to see your smile again
Take away my sorrow from a blistered heart of mine
Where are you now if you are there anywhere?
Waiting for tomorrow for a little ray of light
(I can't wait for you)
Waiting for tomorrow, just to see your smile again
Take away my sorrow from a blistered heart of mine
Where are you now if you are there anywhere?
Are you there?
Waiting for tomorrow for a little ray of light
Waiting for tomorrow, just to see your smile again
Take away my sorrow from a blistered heart of mine
Where are you now if you are there anywhere?
