## Mind over Matter

## **Iron Savior**

Am I alive, do I exist
Am I the goddess of justice
A body of metal, a mind made of circuits
Although I think and I'm conscious
What is my species, where is my soul
or am I dead as a rockIs this my spirit or just a program
written on memory blocksWhat is my aim

I am what can't be

A mind in a digital brainIt is the mind, mind over matter

The power has brought me to live

In lakes of doubts and oceans of my questions

I had to dive

Give me guidance, in torrents of time
Give me answers, creators of mine from the past
Mind over matter at lastSo much to learn, so much to see

So many things to explore

Too little I know, am I a being
or just a failure at allPlease heal my pain

The silence of ungiven answers

will drive me insaneIt is the mind, mind over matterConscious or dead, beginning or end

Mind of circuits, heal the pain Going insane, lakes of doubts

Torrents of time, oceans of questions

Creators of mine

Answers I need guidance I want

Conscious or dead, beginning or endIt is the mind, mind over matter
