

Christmas Bells

[Patti Page](#)

Christmas Bells - Patti Page
The Christmas bells are ringing
The holly's at the windowpane
I hear the children singing
It's Christmas again
The fireplace is glowing
The stocking's on the Christmas tree
Then suddenly it's snowing
That's Christmas to me
Chimes ring in the steeple
Music fills the air
Crowds of smiling people
Greet you everywhere
When I awake at seven
I see you and the angels sing
You are my gift of heaven
When Christmas bells ring
The Christmas bells are ringing
The holly's at the windowpane
I hear the children singing
It's Christmas again
The fireplace is glowing
The stocking's on the Christmas tree
Then suddenly it's snowing
That's Christmas to me
Chimes ring in the steeple
Music fills the air
Crowds of smiling people
Greet you everywhere
When I awake at seven
I see you and the angels sing
You are my gift of heaven
When Christmas bells ring
