

Bitch's Handbag Full of Money

Agoraphobic Nosebleed

You're real gay about pussy
Your bitch has got you looking in a magazine for clothes
Homo, all I'm buying a bitch is a bag of shit to choke on
You better get that bitch to suck you
You queer trick, you rogue spear
You're bitch's handbag full of money
You're bitch's handbag full of money
All the way up to the elbow
You're bitch's handbag full of money
She's got your wallet all the way up to the elbow
