

Trouble

Shawn Colvin

Baby let me set you down
You look so troubled and I think I know
Just when you think you've come around

There you go
Now I know the business of the heart
And it'll get you anyway it can
And I need someone to walk with in the dark

I'm your man
I go to the trouble like a magnet
That's where I'll be
Trouble is just a place to sing
It's what you need
I swear you look like you're in jail
And all at once you're halfway out the door
One foot dancing, one foot nailed
To the floor
Chasing those circles in the ground
Same old shit is still the same old lie
Just when you think you've got it down

Watch it fly
I go to the trouble like a light
Or like a dare
Trouble is just a friend to me, I know
It'll always be there, be there
It's really hard to make your peace
So give me some credit for the hell I've paid
This world's a blessing and a beast
Everyday
So come on baby let me show you how
Less you know the more I comprehend
You don't have to drag me down
I descend
AND I go to the trouble and I like it
That's where I'll be
'Cause trouble is just like love, if it's half the way
It's all I can see
And it's just what you need
