

I Wanna Fall in Love

Lila McCann

Look at me now
Won't you listen to my heart
Cryin' out loud
I've been standing in the dark
I want someone to show me the way
I'm lost on a lonely road
There must be a light at the end of the tunnel
Before I go out of control I want to fall in love
I want to feel that rush
Runnin' into my heart shakin' up my soul
Feelin' like I've never felt before
I want to fall in love
I want to feel that touch
I've only dreamed about it, I've been livin' without it
And that ain't good enough
I want to fall in love Somewhere out there
Someone else is searchin' like me
And I know he must be hurtin'
Maybe tonight he's walkin' down
The same road I've been takin'
And we'll meet up without even talkin'
And he'll know what I'm sayin' I want to fall in love
I want to feel that rush
Runnin' into my heart, shakin' up my soul
Feelin' like I've never felt before
I want to fall in love
I want to feel that touch
I've only dreamed about it, I've been livin' without it
And that ain't good enough
I want to fall in love Maybe tonight he's walkin' down
The same road I've been takin'
And we'll meet up without even talkin'
And he'll know what I'm sayin'
I want to fall I want to fall in love
I want to feel that rush
Runnin' into my heart, shakin' up my soul
Feelin' like I've never felt before
I want to fall in love
I want to feel that touch

I've only dreamed about it, I've been livin' without it
And that ain't good enough
I want to fall in love
I want to feel that touch
I want to fall in love
I want to feel that rush
