Archie James Cavanaugh - Take It Easy

Archie James Cavanaugh

Iâ€™m gonna take easy yeah
Iâ€™m gonna leave on the next plane home
Iâ€™m gonna let out my worries
Ainâ€™t gonna hurry
Kiss all the rest goodbye

Iâ€™ll get up and get down down down
And take it easy
Iâ€™ll get up and get down down down

Well the skies and waves keep on rollinâ€™
And the birds are singiinâ€™ every day yeah
I can listen to the rivers callinâ€™ callinâ€™ to the
Secrets that they have to say
Hear them say

Iâ€™ll get up and get down down down
And take it easy
Iâ€™ll get up and down down down

Thereâ€™s not a sound to be heard
Except the waves on the shore
The people that are friendly
No need to lock your door
I heard the blue rain call
That the wind and waves have sound
But duty changed my Gypsy heart
When my old dreams were young

(Instrumental)

Iâ€™ll get up and get down down down
And take it easy
Iâ€™ll get up and get down down down

Yeah yeah yeah yeah yeah yes
Headinâ€™ for the Northwestern way
Yeah yeah yeah yeah yeah yeah
Somethinâ€™ Iâ€™ve got to do today

Iâ€™ll get up and get down down down
And take it easy
Iâ€™ll get up and get down down down
