

# talk

## Mary Lou Lord

I can't talk my talk with you  
Nothing's ever soaking through  
The filter that surrounds your thoughts  
And holds out lessons left untaught  
I can't talk my talk with you  
Nothing's ever soaking through  
The filter that surrounds your thoughts  
And holds out lessons left untaught  
I can't talk my talk with you  
I can't sing my song with you  
Nothing's ever soaking through  
The filter that surrounds your thoughts  
And holds out lessons left untaught  
I can't sing this song with you  
Nothing's ever soaking through  
The filter that surrounds your thoughts  
And holds out lessons left untaught  
I can't sing my song with you  
I can't talk my talk with you
