

Strange Relationship

[Darren Hayes](#)

Do you love me? Or am I just another trip? In this strange relationship You push and pull me 'Till I'm about to
lose my mind Is this just a waste of time? Keep acting like you own me I keep running watch me walkin' out
that door I hear you behind me Gimme that strange relationship Never felt pleasure and pain like this Something
so right but it feels so terribly wrong I keep holding on Gimme that strange relationship One of us gotta let go of
this I keep pushing and you keep holding on I'm already gone Do you love me? We break up and back together
And I swear to myself never But oh how you do me You strip me of my honor And I don't ever think I'm
gonna Break free of these mind games All I'm tryin' to do is modify my plan Cause I can't contain
you.... Gimme that strange relationship Never felt pleasure and pain like this Something so right but it feels so
terribly wrong I keep holding on Gimme that strange relationship One of us gotta let go of this I keep pushing
and you keep holding on I'm already gone You keep acting like you own me Like you control me You said you
never really wanted me back Well maybe that's a fact May I suggest a brand new plan of attack And in defense
of that You're hard to crack You're way off track I want you back I want you gone Maybe I'm sick of holding
on Do you love me? Or am I just another trip in this strange relationship? Gimme that strange relationship Never
felt pleasure and pain like this Something so right but it feels so terribly wrong I keep holding on Gimme that
strange relationship One of us gotta let go of this I keep pushing and you keep holding on I'm already gone
