

Last Kiss

Minus the Bear

Not too much I'm missing tonight
Watching the night won't make time go by
Moving in the wrong direction
That's nice She said, "you make your own decisions"
I said, "my motion is not my own"
She makes her way and never looks back
It's too late for me
It's too late for me I can't see, I can't see, I can't see
What I used to know Every look gets a last kiss
Everyone becomes the enemy
I can't believe it ends like this Everybody wants to walk away
Turn the corner and vanishing
I can't believe it ends this way, oh Yeah, I think it's time to fight
Pushing the volume feels so right
We can't see the same color
Of life It's all so subtle
These words mean something to you, to me
Somehow not the same thing
Somehow not the same thing
Somehow not the same thing I can't, see I can't see, I can't see
What I used to know Every look gets a last kiss
Everyone becomes the enemy
I can't believe it ends like this Everybody wants to walk away
Turn the corner and vanishing
I can't believe it ends this way She looked away and she never looked back
Sometimes, I can't believe
The steps in between
Every look becomes a memory I can't see, I can't see, I can't see
What I used to know Every look gets a last kiss
Everyone becomes the enemy
I can't believe it ends like this Everybody wants to walk away
Turn the corner and vanishing
I can't believe it ends this way Yeah, I think it's time to go
Nothing here makes me [?]
