

# Street Lobotomy

## Body Count

Drugs, liquor, drugs I love to smoke crack  
I love to shoot smack  
I love to fuckin' drink  
I love my smoke when it stinks  
I need it in my veins  
I need it in my brain  
What has it done to me  
Street lobotomy My brain melted down  
Brain melted down lobotomy Need some more dope man  
Yeah got  
Any acid dude  
Got any ludes My brain melted down  
Brain melted down lobotomy Drugs, liquor, drugs ? I love to do blow  
That's the way to go  
You got some PCP ?  
How 'bout some LSD ?  
I'm havin' lots of fun  
I might as well use a gun  
Don't even ask my why  
Maybe I wanna die My brain melted down  
Brain melted down lobotomy
