

# Toast Of The Town

[Mötley Crüe](#)

One two, one two three  
Hey hey hey, hey kid, the whole house is shakin'  
We got the time, right in our sights  
Hey hey hey, hey kid, the world's gone crazy  
But you know it won't last too long  
You know it won't last too long  
You know it won't last too long  
You know it won't last too long  
Hey kid, you're the toast of the town  
Well hey kid, you're the toast of the town  
Hey hey hey, hey kid, what's it gonna get you  
Screaming through the hours of the night  
Hey hey hey, hey kid, the world's gone crazy  
But you know it won't last too long  
You know it won't last too long  
You know it won't last too long  
You know it won't last too long  
Hey kid, you're the toast of the town  
Well hey kid, you're the toast of the town  
You heard me sayin', baby don't be a fool  
I got news for you  
Well pack your things, baby don't be a fool  
Before it crashes down on you  
Down on you  
Down on you  
Down on you  
Come on  
Well hey kid, you're the toast of the town  
Well hey kid, you're the toast of the town  
Well hey kid, you're the toast of the town  
Well hey kid, you're the toast of the town  
Well hey kid
