You're Fly

Ryan Leslie

We started out as friends
Now we friends with benefits
When the freaking began
That's the end of the innocenceSpeaking o' innocence
Baby, I can remember when
I never used to call you, I was a gentleman
I was on my cash grind, I had to make movesAnd when I got mine, I came and get you
You couldn't believe the way I flipped it
Did it that smooth, I couldn't believe
It was that easy to impress you[Incomprehensible] how I knew that you were the one
You were a pretty little thing, had all the fun
I been to city after city, looking for love
I want you, ahI wouldn't spend a penny, though I had all the change
You made me switch, now I'm thinking another way
And outta all these other women, I got to say
I want you, ahYou can see it when you look around
Yeah, said, it's obvious to everybody I'm staring at chu
I'm so happy that I finally found
I found someone to show my love, yeah, and it's you, babeAnd I notice that your love is real
'Cause I never found anything like this
Only when I'm around you
It's reflected in the way I feel
How much said though I'm sure you knowBaby, you're fly, baby, you're fly
I love the way you walk, and the look in your eye
Maybe it's lust, maybe it's me
But you can be sure, I'll give you what you needYou're fly girl, and baby it shows
I would tell the world but they already know
Baby, you're fly, take it from me
You can be sure, I'll give you what you needTonight I wanna try to engage your mind
I know you must be tired of hearing the same old line
'Bout how they want you but they really ain't saying it right
I want you, I know you like thatIf you feeling what I'm saying then understand
I'ma stroke your body like it's an instrument
I'ma show you why my touch is so in demand
When I touch you, ahYou can see it when you look around
Yeah, said, it's obvious to everybody I'm staring at chu
I'm so happy that I finally found
I found someone to show my love, yeah, and it's you, babeAnd I notice that your love is real
'Cause I never found anything like this

Only when I'm around you
It's reflected in the way I feel
How much said though I'm sure you knowBaby, you're fly, baby, you're fly
I love the way you walk, and the look in your eye
Maybe it's lust, maybe it's me
But you can be sure, I'll give you what you needYou're fly, girl, and baby, it shows
I would tell the world but they already know
Baby, you're fly, take it from me
You can be sure, I'll give you what you needLemme talk to you
See I knew you was a dime when I met you on Broadway
Told you, you was fly, you said, that's what they all say
I made it easy, you showed me the hard way
Even though the look in your eye was like foreplayI got some great taste in women
I've had a lot but when it comes to great face, you're winning
Very familiar, with private spots, lace the linen
It's like a curse with a gift
I've been given, that's how I'm livingBaby, you're fly, baby, you're fly
I love the way you walk, and the look in your eye
Maybe it's lust, maybe it's me
But you can be sure, I'll give you what you needYou're fly girl, and baby, it shows
I would tell the world but they already know
Baby, you're fly, take it from me
You can be sure, I'll give you what you needBaby, you're fly, baby, you're fly
I love the way you walk, and the look in your eye
Maybe it's lust, maybe it's me
But you can be sure, I'll give you what you needYou're fly girl, and baby, it shows
I would tell the world but they already know
Baby, you're fly, take it from me
You can be sure, I'll give you what you needTonight, uh baby, yeah
Hey yeah, uh, rock with me now
