

# Ready Made Life/I'm Very You

## Denise Van Outen

One ready made life  
Fancy that  
A child and husband now  
I'll soon become  
A ready made mum Our ready made home  
Big red barn  
A porch with soft wind chimes  
There was just me  
But now we are three I'll teach her how to draw and dance  
And do cartwheels as well  
I haven't done them in a while  
She probably can tell  
One day I'll show them London  
I can't wait to get back  
Bet Dad will put the flags out  
Stars and Stripes and Union Jack My ready made life  
Moving on  
Got it together - yes  
It's a new start  
It's true, cross my heart My ready made world  
Lucky me  
A new day's dawning  
Or as they say here  
A whole new ballgame  
Mother and wife  
My ready made life  
I'm very you, you're very me  
We're gonna have fun together  
I'm very you, you're very me  
I can't believe you're just 9  
Lucy, I'm going to spoil you  
I want to be a friend like no other  
Second mother I'm very you, you're very me  
I love cartoons in the morning  
I'm very you, you're very me  
If you like ice cream and pony rides  
And if you like to stay up late  
I'd say we'd get on just great I'm very you, you're very me  
I want to learn all about you

I'm very you, you're very me  
We're gonna do girly things  
I'll teach you all about makeup  
We'll spend a day in New York and go nuts  
On jam donuts I'm very you, you're very me  
We'll never be separated  
I'm very you, you're very me  
We're three of a kind  
We're of one mind  
Three musketeers  
You, dad, and me  
What more to life could there be? What's that you say?  
You want a horse  
Some rollerblades and a cellphone  
I wish I could buy you these things  
You mustn't say words like that!  
Don't walk away when I'm talking  
And pulling faces will get us nowhere  
Let's not go there I'm very you, you're very me  
We both can be quite a handful  
I'm very you, you're very me  
I can see that we will get along  
There'll have to be some give and take  
Okay, just one strawberry shake
