

# Song My Friends Taught Me

[Laura Veirs](#)

Struggling like a fly against the glass  
It's not clear why I can't blast  
Straight through Behind all the brightest smiles  
Twist the tortured, tortured souls who  
I'll never, never know  
Who I'll try and try to know You show me smoke and mirror eyes  
And behind a shining lamp hides  
A shining lamp hides
