

# I'M DOWN

MEGHAN TRAINOR

[Verse 1]

You're my strongest weakness  
In withdrawals, I need it  
You're my secret fix, you're my secret fix  
Need you more than breathing  
I was broke, you healed me  
Ain't no drug like this, no, no drug like this[Pre-Chorus]  
Don't you think it's time we cross that lover's line?  
Baby, say you'll be mine[Chorus]  
If you're up for it, I'm all yours now  
If you're up for it, I'm down  
If you're up for it, I'm all yours now (I'm all yours, I'm all yours)  
If you're up for it, I'm down (I'm down) for you

[Post-Chorus]

(Are you up for it?)  
The only one I want is you  
(Are you up for it?)  
The only one I want is you  
(Are you up for it?)  
The only one I want is you  
(Are you up for it?)  
I said the only one I want is you[Verse 2]  
Every time I see ya, instant amnesia  
Can't remember life before you (No)  
Or anyone before you (Hey)  
My midnight daydreams ain't PG-13  
'Cause I got my hands on you  
I want my hands on you

[Pre-Chorus]

Don't you think it's time we cross that lover's line?  
Baby, say you'll be mine[Chorus]  
If you're up for it, I'm all yours now  
If you're up for it, I'm down (I'm down, I'm down)  
If you're up for it, I'm all yours now (I'm all yours, I'm all yours)  
If you're up for it, I'm down (I'm down) for you[Post-Chorus]  
(Are you up for it?)  
The only one I want is you  
(Are you up for it?)  
The only one I want is you

(Are you up for it?)  
The only one I want is you, whoa  
(Are you up for it?)  
The only one I want is you[Bridge]  
I wanna be the one you want  
I wanna be the one you want (Oh yeah, babe)  
I wanna be the one you want  
I wanna be the one you want (Say)  
I wanna be the one you want  
I wanna be the one you want (Woo)  
I wanna be the one you want  
I wanna be the one you want[Chorus]  
If you're up for it, I'm all yours now  
If you're up for it, I'm down  
If you're up for it, I'm all yours now  
If you're up for it, baby, I'm down for you[Post-Chorus]  
(Are you up for it?)  
The only one I want is you  
(Are you up for it?)  
The only one I want is you  
(Are you up for it?)  
The only one I want is you  
(Are you up for it?)  
The only one I want is you
