Nasty Girl

Notorious B.i.g.

I go, on and on and on and
Don't take 'em to the crib unless they b*****
Easy, call 'em on the phone and
Platinum Chanel cologne andI stay, dressed, to impress
Spark these *** interest
Sex is all I expect
If they watch TV in the LexThey know, they know, quarter past fo'
Left the club tipsy, say no mo'
Except how I'm gettin' home, tomorrow
Caesar drop you off when he see his P.O.Back of my mind I hope she ***
Man, she spilled a drink on my cream Wallows
Reach the gate, hungry just ate
Riffin', she got to be to work by eightThis must mean she ain't tryin' to wait
Conversate, sex on the first date, I state
"You know what you do to me"
She starts off, "Well I don't usually"Then I, whipped it out, rubber no doubt
(Let's go)
Step out, show me what you all about
Fingers in your mouth, open up your blouse
Pull your G-string down South, aowThrew that back out, in the parking lot
By a Cherokee and a green drop-top
And I don't stop, until I ***
Jeans skirt, butt-naked, it all workGod I love my little nasty girl
Know I love my little nasty girl
I love my little nasty girl
All the ladies if you wit me grab your *** for B.I.G.
(Ladies and gentlemen)My little nasty girl
All my women from around world
I love my little nasty girl
(You know I like nasty girls)
All the ladies if you wit me grab your *** for B.I.G.I need you to dance, I need you to strip
I need you to shake your little *** and hips
(Let's go)
I need you to grind like you're workin' for tips
And give me what I need while we listen to Prince'Cause Miss you ain't seen the world yet, rock La Pearl yet
Rock them pearl sets, if you want a pearl jet
My style make a low-profile girl smile
Blow a chick back like I blow through a trial
(Take that)And now you an' me can drink some Hennesey

Then we can get it on
Mad women wantin' to *** Sean Combs, sippin' on Patron
Speeding, be leanin', got 'em fiendin'An' when I get it to you throw it right back
An' tell me, Hoodie, yeah I like it like that
Lift your shirt, you know how I flirt
Heels and skirts, just take it off, now let's work itGod I love my little nasty girl
Know I love my little nasty girl
I love my little nasty girl
All the ladies if you wit me grab your *** for B.I.G.My little nasty girl
All my women from around world

All the ladies if you wit me grab your *** for B.I.G.Uh, Jay and B.I.G.

Let me show you what a *** from the Lou is blessed with

When I'm done I'll flip the mattress, change the sheets
(Gotta change 'em)
