

# Had to Cry Today

## Blind Faith

It's already written that today will be one to remember

The feeling's the same as being outside of the lawHad to cry today

Well I saw your sign and I missed you thereI'm taking the chance to see the wind in your eyes while I listen

You say you can't reach me but you want everyone to be freeHad to cry today

Well I saw your sign and I missed you thereIt's already written that today will be one to remember

The feeling's the same as being outside of the lawHad to cry today

Well I saw your sign and I missed you thereI'm taking the chance to see the wind in your eyes while I listen

You say you can't reach me but you want everyone to be freeHad to cry today

Well I saw your sign and I missed you there
