

# Love Is Your Name

Steven Tyler

Send your kisses my way  
Bring your sweet heart to me  
I've been waiting for so longTell me all your stories  
Leave some open for me  
Write your name into this songI'll walk through the fire  
I'll run through the rain  
I'll wait for forever  
If love is your nameCatch your wind from heaven  
Send them while I'm sleeping  
Wake me with the morning sun  
I'll dream of you until you comeI'll walk through the fire  
I'll run through the rain  
I'll wait for forever  
If love is your nameValentines keep knocking  
My heart keeps on walking  
Darling I'll hold on for you  
For you, for youI'll walk through the fire  
I'll run through the rain  
I'll wait for forever  
If love is your nameIf love is your name  
If love is your name
