Straight Lines (Presets Remix)

Silverchair

Breathing from a hole in my lung
I had no one
With faces in front of me
Racing through the void in my head
To find traces
Of a good luck academySparks ignite and trade them for thought
About no one
And nothing in particular
Washed the sickened socket and drove
Resent nothing
There's good will inside of me[Chorus]
Wake me up, lower the fever
Walking in a straight line
Set me on fire in the evening
Everything will be fine
Wake me up strong in the morning
Walking in a straight line
Lately, I'm a desperate believer
But walking in a straight lineSomething I will never forget
I felt desperate
And stuck to the marrow
Invisible to everyone else
I'm a sex-change
And a damsel with no heroine[Chorus]I don't need no time to say
There's no changing yesterday
If we keep talking and
I keep walking in straight lines[Chorus]
