

# Fate in Motion

## Soilwork

I'm facing a trauma, it's crawling inside  
Don't walk that line, don't take that ride  
Conclusions will show me the sweetest pain  
Don't walk that line, don't take that ride...  
What I can see now, I don't want anybody else to see  
It doesn't matter somehow, what It does to me Feel how the journey's just begun  
Heading for disaster  
Formed through the night and it's all mine... The game is easy to me to just play  
It steals the day, it steals the day  
Dividing the image in possible ways  
It steals the day, it steals the day  
And I can't move at all now  
And I can't move at all now  
What I can hear now, I don't want anybody else to hear  
It doesn't matter somehow, what It does to me Feel how the journey's just begun  
Heading for disaster  
Formed through the night and it's all mine...
