

# Slow and Steady

## Of Monsters and Men

The lights go out, I am all alone  
All the trees outside are buried in the snow  
I spend my night dancing with my own shadow  
And it holds me  
and it never lets me go  
I move slow and steady  
But I feel like a waterfall  
Yea I move slow and steady  
Past the ones that I used to know  
My dear old friends  
Take me for a spin  
Two wolves in the dark  
Running in that wind  
I'm letting go  
But I've never felt better  
Pass it by  
All the monsters in my head  
And I move slow and steady  
But I feel like a waterfall  
Yea I move slow and steady  
Past the ones that I used to know  
And I'm never ready  
Cuz I know, I know, I know  
The time won't let me  
Show what I want to show Oh  
And I move slow and steady  
But I feel like a waterfall  
Yea I move slow and steady  
Past the ones that I used to know  
And I'm never ready  
Cuz I know, I know, I know  
That time won't let me  
Show what I want to show
