

# Cemeteries of London

## Coldplay

At night they would go walking till the breaking of the day  
The morning is for sleeping  
Through the dark streets they go searching to see God in their own way  
Save the night time for your weeping, your weeping Singing la la la, la la la ey  
And the night over London lay So we rode down to the river where Victorian ghosts pray  
For the curses to be broken  
We go underneath the arches where the witches there saying  
There are ghost towns in the ocean, the ocean Singing la la la, la la la ey  
And the night over London lay God is in the houses and God is in my head  
And all the cemeteries in London  
I see God come in my garden but I dont know what He said  
For my heart it wasnt open, not open Singing la la la, la la la ey  
And the night over London lay  
Singing la la la, la la la ey  
Theres no light over London today
