

Iâ€™ve Got Five Dollars and Itâ€™s Saturday Night

George Jones

(Hey) well, I've been a-working hard the whole week long
And I'm a-gonna have some wine, women and song
I gotta work next week but that's alright
I got five dollars and it's Saturday nightA-music and dancin', flirtin' and fun
It's gonna go on till way past one
I'm a-gonna go where the lights are bright
I got five dollars and it's Saturday nightI'm gonna have fun tonight
Gonna get right tonight
Everything will be alright
'Cause tonight is Saturday night (hey)Well, other folks a-wonderin' what the future may bring
I'm a-gonna have fun and feel no pain
My pants are ragged but that's alright
I got five dollars and it's Saturday nightA-music and dancin', flirtin' and fun
It's gonna go on a-way past one
I'm a-gonna go where the lights are bright
I got five dollars and it's Saturday nightGonna have fun tonight
Gonna get right tonight
Everything will be just right
Tonight is Saturday night (hey)Let other folks a-wonder what the future may bring
I'm a-gonna have fun and feel no pain
My pants are ragged but that's alright
I got five dollars and it's Saturday night
