

When It Doesn't Work Out

Cass Elliot

Oh, I tried
To stay away from you

Isn't that what you wanted me to do
I would call the friends we knew
To see how you were
Then I found out about her

yes, I heard about that stormy love affair
When she didn't need you
you were there
She laughed about your loyalty

you took it to your heart
Then like me
you fell apart

Isn't love terrible
When it doesn't work out

Oh, I'm so glad to see your troubled face
Knowing that no one can take her place
And you're still in love with her
Though, I'm in love with you

So I guess there's nothing
We can do

Isn't love terrible
When it doesn't work out

And you're still in love with her
Well, I'm in love with you
So I guess there's nothing
We can do
