

# Sugardaddy

## Billy Bragg

Sugardaddy took me to Wonderland  
Gave me so many presents  
I could not stand to see you  
I really couldn't stand to see you Sugardaddy took me far away on a holiday  
I didn't have to pay, just be there  
All I had to do was be there Sugardaddy comes with his pockets full of fun  
Oh, Sugardaddy's blowing kisses from his gun  
What will he do and where will he run  
When the real world comes to town? Sugardaddy took all my pain away  
Now, I have to say  
I'd let him get away with murder  
I'd let him get away with murder He drives a car that doesn't have a roof  
And he dares the Big Ol' World to tell him the truth  
By buying silence, he buys your silence Silence so you'll never ever ask him why  
Silence so you'll never say he makes you cry  
Silence so you'll never look you in the eye  
Say you want his time 'cos time is money, oh Sugardaddy can't help but overfill my cup  
Oh, Sugardaddy always rides heavy on his luck  
What will he do when his baby grows up  
And doesn't want the toys he's provided? Oh, Sugardaddy comes with his pockets full of fun  
Oh, Sugardaddy's blowing kisses from his gun  
What will he do and where will he run  
When the real world comes to town?
