Slip Away - Single/LP Version

Clarence Carter

What would I give for just a few moments
What would I give just to have you near
Tell me you would try to slip away somehow
Oh I need you darling I want to see you right now
Can you slip away, slip away
Slip away, oh I need you so
Oh love oh love, how sweet it is
When you still involve it
Let me tell you how sweet it is
Now I know it's wrong,
The things I ask you to do
But please believe me darling
I don't mean to hurt you
But can you slip away
Without him knowin you're gone
Baby we could meet somewhere,
Somewhere we both are not known
Can you slip away, slip away,
Slip away-ay-ay-ay I need you so
Oh can you slip away baby
I'd like to see you right now darling
Can you slip away baby
Cause I got to, got to see you
I feel a deep burning inside
Oh I wish you could slip away...
