

# Long Way To Fall (Unreleased)

## Autopilot Off

Eyes are fixed and dialated,  
Stuck staring out,  
So jaded and frustrated,  
Dragging you down,  
You can only see so much when you're relying on your eyes,  
There's an instinct in everyone,  
It's the engin and the drive  
(pre-chorus)  
It's a long way to fall,  
Once you lose those aspirations,  
It's a long way to fall,  
(chorus)  
What i've got in my heart and my head,  
I won't give it away because it's all that I am, So listless, indifferent, distant and cold,  
No feeling, no meaning,  
Stuck in a hole,  
Leave your ideals with your memories like they're something you've outgrown,  
And the days go by you're paralyzed and you slowly turn to stone.
